

## Appendix C

### Annual Reports

The *Guide to Railroad Historical Resources*, Book #1, for each railroad indicates if annual reports were found. Most of them are at two locations. The Association of American Railroad's Bureau of Railway Economics had a fine collection. It has been transferred to the Barriger Library at St. Louis. The second "collection" is the holdings of annual reports at fourteen locations including (presumably but I did not check) the holdings at the Bureau of Railway Economics. They were listed in a 1912 book *Railway Economics*) published by the Bureau of Railway Economics.

For what is at each of the other locations shown in the *Guide* you must contact that location.

Unfortunately finding more recent annual reports is probably time consuming. Fewer and fewer locations keep them although fan historians interested in a particular book may have them and also some of the railroad historical societies listed in Book #8 should but probably do not, have them. Poors and Moody's Manuals will supply much of the information, but may lack interesting comments made in the published report.

What follows is the AAR-Barriger list followed by the 1912 Bureau of Ry. Economics 14 library holding lists.

Scroll - -The AAR are pages 2 to 22

Link - Bureau of Ry. Economics list of holdings at 14 locations are pages 23-54  
" ICC - Annual Reports

Annual reports to the Interstate Commerce Commission are filed in RG 134 (Records Group) from 1833 to 1971 . The list is on pages 55 -72. The list is not in exact alphabetical order. The index here is by book number and goes from XRR to YRR but does not list intermediate railroads if any.

The I.C.C. records have mostly been transferred to Penrose Library, University of Denver or are at Suitland, Md.
